Service Through Every Connection

Velocity™ Rotating High Speed HDMI® Cables

Placement to meet virtually any angle

The Velocity Rotating HDMI cable delivers a strong combination of performance and value, while providing HDMI connector placement to meet virtually any angle. Velocity HDMI cables are a high-performance home theatre interconnect for high definition DVD players, HDTV receivers, TV sets, projectors, A/V receivers and other HDMI equipped devices. Enjoy high resolution digital video and true digital audio, delivered together in one convenient, compact connection. High quality materials and construction ensure a lifetime of dependable performance. Fully shielded conductors provide complete immunity to EMI/RFI interference, and 24-karat goldplated connectors ensure superior signal transfer. Dual rotating design ensures compatibility with wall mounted flat screen monitors. This fully functional, high bandwidth cable is tested to perform at industry standards and is backed by a lifetime warranty.

Features:

- Dual joint swivel design to meet virtually any HDMI connector angle
- HDMI Male to HDMI Male cable
- Full 1080p resolution
- High bandwidth (340MHz/10.2Gbps) for high speed data transfer
- HDMI-CEC system control compatibility
- Compatible with Deep Color, x.v.Color™, 3D, and multi-channel surround sound

Common Uses:

- Perfect for high performance home theatre interconnects, including:
  - -High definition DVD players
  - -HDTV receivers
  - -Flatscreen TV's
  - -Projectors
  - -A/V receivers
